Questions & Answers
NHDOC RFP 14-07-GFMED**

Davita HealthCare Partners, Inc.

Question 1. Page 16, Section 3.1, Paragraph 1: Is the Vendor required to provide dialysis centers for all locations (both Northern region and Southern region)? In other words, can a Vendor choose to bid only on the Southern correctional facility location?

Answer 1. Please see Page 2 of 32, 3. Statement of Purpose: "Inmates/patients from the facilities below will be transported to the Vendor's dialysis center." This RFP is not requesting on-site services at any of the NHDOC's facilities. The RFP states in #3 these are the facilities from which any dialysis patient may originate from. The RFP does not provide for bidding by location.

Question 2. Page 16, Section 3.1, Paragraph 1: Can you provide the annual expected treatment volume originating treatment volume originating from each location?

Answer 2. Since treatment will be provided at the Vendor's dialysis center, volume from each location is not relevant to this RFP. We currently do not have any inmates on dialysis. We currently have 2-4 inmates at any given time that are in the early states of chronic renal failure not yet requiring dialysis.

Question 3. Page 16, Section 3.1, Paragraph 1: Have you considered or would you be amenable to providing on-site dialysis on the prison grounds?

Answer 3. Yes, the Department has done an analysis of the possibility to seek on-site services but fortunately we have not had the necessary number of cases to make this more appropriate treatment standard. We are not soliciting bids for on-site services through this RFP.
